Designed by Spanish architect Pepe Gancedo, whose other local designs include Torrequebrada and Golf del Sur, practically every hole overlooks the Mediterranean, making this an ideal place to play golf. He has combined the nature of the terrain, the indigenous vegetation and pine forests to ensure that no two holes are alike. With six par 3's, six par 4's and six par 5's, it is a spectacular and beautiful course to play. It has been designed so that it is a challenge for all standards, with even the experts and professionals finding it a course where strategy plays a part.

It is a golfers paradise and an ideal way to play golf as long as you are not distracted by the panoramic views, the warm sea breezes and the scent of the pine forests! The course is ideally situated in an area that is close to several other lovely clubs and is a perfect setting for a golfing holiday so why not let Med Golf arrange that golfing break for you?

When you have finished your round, why not relax in the beautiful Mediterranean style clubhouse, which is positioned overlooking the 1st tee and 18th green. You can enjoy a drink and fine food whilst still admiring the panoramic views over the coastline.

There is ample parking, a fully equipped pro shop, full changing facilities and the usual golf course services, including practice range.
