

## La Canada

As for the La Canada course itself it is characterised by a variety of exotic trees with fantastic views of the Rio Guardiaro, the Mediterranean and Valderrama. It is very well maintained with a fine mixture of holes where the par 3's are impressive and particularly the seventeenth where you play over the water. If that is not bad enough wait until you get to the eighteenth where your drive needs to clear the Cañada ravine from which the course derives its name. However it is not a difficult course to play and the other sixteen holes are that much easier. The course welcomes and accomodates all standards of golfers. While you are playing take the time to see how well the design fits in to the landscape and just how much progress has been made since the early days of the local village golfers. This is a course to be enjoyed and well worth a visit if you are in the area. It does get extremely busy and locals get preference so visitors need to book in advance and should contact us at Med Golf to secure a tee time.

On arrival the large new clubhouse will impress you and there is ample parking. The clubhouse offers all the amenities with bar and restaurant facilities and large terrace area to enjoy the views. There are excellent changing facilities, pro shop and a large practice area with putting green. There are buggies available but the course is easy to walk. The staff will give you a warm welcome and ensure your visit is a happy one. It is a symbol of how far this club has progressed since the early days when you admire the clubhouse and the many youngsters that practice under the watchful eyes of the local teaching professionals.

What a story La Cañada can tell.
