- 24V electrical system for efficiency
- Ergonomic T-bar handle
- Quick release rear wheels

Black

MGI ZIP X5

PSMGIX5

Make it a level playing field with the MGI Zip X5 with the ingenious advantage of Downhill Speed Control and an Electronic Park Brake. The downhill speed control eliminates the need for the golfer to manually adjust the speed control when walking downhill creating an effortless, weightless transition on all downhill terrains. Such a feature allows the golfer to focus only on the next shot, leading to lower scores and increased satisfaction. Plus, park on any incline by activating the electronic brake at the press of a button. The MGI Zip X5 is the game changer.

Grey

MGI NAVIGATOR

PSMGINAVIGAOR

Play shots under less fatigue with the new MGI Zip Navigator motorised buggy. Walk free around the course while your buggy does all the work. Featuring MGI's renowned full directional remote control, roam free and experience the ease in which this motorised buggy moves around the course. Control the speed remotely while the automatic downhill speed control feature effortlessly takes control down any hilly terrain. The most significant technological triumph on the Zip Navigator is what lies within. Traverse across the toughest of terrain and watch as the Patented Gyroscope automatically tracks the buggy on a straight course. Walk free, play hard with the Zip Navigator.

Black

MGI ZIP NAVIGATOR AT ALL TERRAIN

MGIZIPXNAT

Conquer the toughest golf courses with the Zip Navigator AT – All Terrain.

Designed with independent swivelling front wheels for added strength and stability, the Zip Navigator AT incorporates a full directional remote control, allowing you to effortlessly walk free and play hard. On even the most rugged and hilly courses, watch while your buggy traverses the landscape with conviction using the Patented gyroscope Straight Tracker technology. Now you have no boundaries, no excuses.

Black
